

DEATH OF REV. PETER CARTWRIGHT.—The Rev. Peter Cartwright, the well-known Methodist minister for seventy years past, died on Thursday, at his home, near Pleasant Plains, Sangamon County, Illinois, in the eighty-seventh year of his age. He was born September 1, 1785, in Amherst County, Virginia. His father was a revolutionary soldier, and after the war, removed with his family to Lincoln County, Kentucky. In 1784, he removed to the Green River country, in Logan County, one mile from the Tennessee line. While a boy, in 1801, in his sixteenth year, he began to exhort sinners to repentance in this wild and unsettled country, and was called "The Kentucky Boy." In 1806, he was ordained deacon by Bishop Asbury. In 1808, he was ordained elder. In 1812, he became a member of the Tennessee Conference. In November, 1812, he was elected presiding elder, and held the office for many years. He spent eight years in the old Western Conference, eight years in the Kentucky Conference, and fifty-five years in the Illinois Conference.

In 1860, the Illinois Conference held a jubilee in his honor, and shortly after he was appointed Conference Missionary, in the discharge of the duties of which he has since been engaged, together with the delivery of lectures in various parts of the country. He was married August 18, 1808, in Barron County, Ky., and lived with his wife in happiness sixty-four years. In 1871, he had living seven children, fifty grandchildren, thirty-seven great-grandchildren and seven great-great-grandsons. He filled a number of important trusts during his connection with the ministry with ability. He was a man of indomitable energy, and an earnest worker in the Methodist Episcopal Church. He received 10,000 persons into the church, baptized 8,000 children and 4,000 adults, preached 500 funeral and 14,600 other sermons. He was opposed to any change in the rules of the church; especially did he oppose the lay delegation. He lived to see the church grow from 75,000, when he joined it, to 1,250,000, and the wild country in which he labored became wealthy and thickly settled. His style of preaching was eccentric, but forcible; as a man, he was a perfect gentleman, ever polite, graceful and dignified. His name has become imperishably connected in the memories of many thousands of the members of the Methodist Episcopal Church.

A DISH-WASHER BECOMES A MILLIONAIRE.—A few days ago, and there was a dish-washer, named George Woodruff, employed at the California Restaurant, on Montgomery street—a dirty, greasy, grimy cuss, with scarcely a cent in his pocket, or hope in the world—to-day he is a millionaire, a six millionaire, in fact. One day, while reading a morning paper, his attention was attracted to an advertisement headed "personal," stating that one of his name would find it to his advantage to address a certain party in New York. The name was familiar to him, and he concluded to answer the advertisement. He did so, giving his address, and in due time received a letter stating that his uncle had died in New York, leaving property to the amount of \$6,000,000, which the deceased had willed to him. He was astonished, and could hardly believe that the news was confirmed. Upon its confirmation he cast off his greasy clothes, and, forsaking the sacred precincts of the kitchen, he donned a new raiment and departed for his estate in New York, a richer if not a better man. There is a now dish-washer at the California now, and he is waiting for a rich and forgotten uncle to die and give him a lift. He reads the "personal" with avidity every morning. [San Francisco Chronicle.]

A strike of no less than 40,000 cotton hands is expected in the Ashton-under-Lyne district, England, in consequence of a demand for an increase of fifteen per cent. in wages, which the employers refuse to grant. It is not improbable that if the strike occurs it will extend through the entire cotton manufacturing region. It is claimed that an advance of wages is a simple impossibility, as manufacturers' profits have been reduced so much by the high price of the raw material and of coals, that some of the more sagacious men in the trade have advocated a temporary cessation of production, as a means of relief from the present unprofitable and even losing condition of the market.

An exchange says that "since the abolition of the gallows in Iowa, there has not been a murder in that State." This goes to show that some people kill other people merely for the pleasure of being hanged.

To the Ladies. ONE of the worst forms of discoloration of the skin, and of pimples and eruptions, is caused by the use of CLEANSING and BLUE MASS. Mercurial medicines are supposed to have a special action on the liver; the theory is erroneous. If calomel is given in repeated doses it produces salivation, and in this condition the liver is badly damaged. Some of the liver's work is to purify the blood, and will be badly impaired by such eruptions, dark spots, discolorations, tubercles, sore mouth, sore throat, catarrhal affections, &c. The only serviceable liver medicine is HEINRICH'S LIVER PILLS. No calomel. They regulate the liver and purify the blood. Aug 22 4
